

Noeaa-Chorley AC

Northern womens / mens league

<http://www.noeea-athletics.org.uk/track/league/index.htm>

What is the northern league??

This league consists of local athletics clubs from the North, meeting up to compete against each other in all the athletics track and field events.

Due to lack of size within the club and not enough club members getting involved it is hard for Chorley AC to do well as a club!!!

Those who have competed and joined in, in previous years have proved that you don't have to be good or specialise in a specific event to do it and in some cases win it!!!!

If we can get 1-2 people for each event over all the track and field A/B athletes, the club will gain ,any benefits.

- High participation levels within the club.
- Work together and help each other improve or find new events which we are successful!
- Increase the club morale, by working together as a team!
- Most of all have FUN!
